LabelWorks™ LW-600P Portable Label Printer

Print labels smarter

Print smarter — print labels using your iOS or Android™ smartphone or tablet via Bluetooth®

Versatile — adhesive labels up to 24mm, ribbons, iron-on labels, wiring labels, QR code labels and more

Personalised — add symbols and graphics or a hand-written message

Many compatible apps available[2] — download the Epson iLabel app and more

Fast — get the labels you want in seconds

Epson LabelWorks LW-600P

Introduce your office to a new way of creating labels with the LW-600P – smallest and lightest 24 mm desktop label printer on the market[1] – by printing from your computer, or directly from your iOS or Android device, connecting via Bluetooth so multiple users can share it. With one four-metre tape, fast print speeds and a high resolution, print quality labels quickly, almost anywhere.

Smartphone and tablet label maker
With its flexible connectivity options, you can either print from your computer, or download the free Epson iLabel app[2] to create and print labels directly from your iOS or Android device. Thanks to its Bluetooth connectivity, you can connect remotely anywhere without the need for a network and share the label maker with multiple users.

Easy-to-use
This compact and portable label maker features a front-facing control panel to make operating the LW-600P so easy. Three operating buttons light up to tell you when it is switched on, if the battery level is low and whether or not your Bluetooth connection is active. And the Epson iLabel app[2] is intuitive, so it's easy to create professional labels.

Fast, quality printing
Featuring 180dpi print quality, labels are crisp and clear. The LW-600P also offers print speeds of up to 15 mm/sec.

Save money on labels
To get you started, the LW-600P comes with one four-metre tape for black text on a white background. The large variety of tapes available (including Epson's new glow-in-the-dark, reflective and iron on tapes) mean you can always find the ideal tape for the job. The LW-600P prints on a range of widths up to 24 mm.

Battery and mains powered
The LW-600P can be used with six AA batteries or an optional AC adapter, so you'll always have power when you need it.

KEY FEATURES

- **Bluetooth compatible**
  Multiple users can print
- **Productive**
  Fast print speeds of up to 15 mm/sec
- **Choice of label widths**
  Prints label widths of up to 24 mm-wide
- **Versatile**
  USB and PC printing
- **Value-for-money**
  Long tapes
